Notes and features

- The BKT V-Flexa is a radial flotation tyre for heavy agricultural trailers.
- The VF technology (Very High Flexion) enables the same load capacity at up to 30% lower inflation pressure compared with a standard tyre of the same size.
- Thanks to the strong, all-steel casing, the tyre is extremely resistant against punctures and other damages.
- Three additional, heavy-duty steel belt inserts and the reinforced sidewall provide excellent performance.
