MAXAM

Notes and features

- The Maxam MS701+ Industrial Pro is a solid rubber tyre for forklifts and wheeled excavators.
- The construction, typical of premium tyres, with a high-quality 3-layer rubber compound (tread, spring and base compound) ensures smooth running and driving comfort in use.
- The particularly abrasion and cut resistant rubber compound ensures a very high wear resistance.
- Its large tread depth allows maximum traction.
- Due to the large contact area, the load is evenly distributed and good stability is achieved.
- The MS701+ is currently available in the Standard version.
