ALLIANCE

Notes and features

- The Alliance 372+ is a VF tyre for high performance tractors from approx. 220 hp.

- Its extremely flexible sidewalls enable it to carry up to 40% more load capacity at the same inflation pressure or the same load capacity at 40% lower inflation pressure compared with a standard tyre.

- The larger contact area provides excellent traction and consequently reduced fuel costs.

- At the same time, soil compaction is reduced and the soil is optimally protected.

- The R-1W tread pattern ensures excellent grip and a long service life.

- The tyre can be used for cyclic field operation (CFO) on harvesters.
