Notes and features

- The Alliance 331 is perfectly suited to on- and off-road agricultural applications e.g. for tractors, agricultural trailers and similar vehicles.
- Its main characteristics are a high load capacity and low inflation pressure.
- It replaces conventional tractor tyres or dual constructions because of its high traction, high load capacity and at the same time protects the soil.
- Thanks to the permitted speed of 50 km/h, it can also be used on off-road trucks and trailers.
- The strong nylon construction and special rubber compound make the tyre very durable.
