Notes and features

- The Alliance 390 HD is ideal for longer transport and grassland use.
- Its non-directional block tread pattern enables smooth driving during longer road journeys and protects the soil when driving on grassland.
- The low rolling resistance minimises fuel consumption.
- The high tread pattern depth ensures the tyre has a long service life.
- The HD version with 4 steel belts and specially reinforced bead enables higher loading capacities and better durability compared with the standard tyre.
