## Notes and features

- The Alliance Forestar 345 was developed for use on heavy forestry machines and logging equipment operating in challenging conditions.
- The tyre provides high traction and low slip, even without chains.
- Due to the strong nylon casing with steel breakers, high undertread gauge and reinforced sidewalls, the tyre is very tough and durable.
- Thanks to its high lugs and especially hard-wearing rubber compound, the tyre is optimally suited to demanding forest applications.
- It is the ideal tyre for skidders.
