Notes and features

- The Rock Grip Port (IND-4) from BKT is an earthmoving tyre with extra deep and robust tread pattern lugs, especially for use in ports.
- The strong casing with the low-wear tread compound ensures a long service life, even wear and high stability.
- Most suitable for use on container stackers, reach stackers and similar vehicles.
- Due to its bead construction, the special WA version is intended to be mounted on 5° tapered rims.
