Notes and features

- The Boka Agrar Trans is a hot retreaded tyre with street tread pattern for agricultural use.
- It is a German quality product, which we have manufactured by one of our long-term partners.
- Due to the multiple usage of the casing, retreaded tyres conserve resources, protect the environment and are very economical.
- Because of its eco-friendly characteristics, the tyre is marked with a circumferential green marking stripe and an embossed ECO logo.
- Careful testing before retreading ensures reliable casing quality.
