Notes and features

- The Alliance Forestar 644 III is a versatile forestry tyre for different applications.
- Its dual lug angles provide excellent grip and traction.
- Thanks to the improved steel belt casing and the special hexagonal bead technology, the tyre offers outstanding puncture resistance, stability, high loading capacities and low slip.
- The special shoulder design and curb-rib design of the sidewall provide stiffness and protection from side impacts.
- The large contact area ensures low soil compaction.
- The angled lugs form wide blocks in the centre of the tread to ensure stability and ride comfort.
